Discuss Coaches At Next Meeting

Canyon school board has agreed to discuss the status of the school's coaching staff at an executive session at the board's January meeting.

Intention to discuss the coaching staff was announced at a Tuesday night board meeting by board president Wesley Cox.

Jim Greenwood is head football coach at Canyon High School. The Canyon Eagles have just completed a football season with one win and nine losses.

Coach Greenwood Wednesday morning declined comment on the development.

"It was news to me," he declared. "I didn't know anything about it. I don't know what their thinking was. I guess I'll just roll with the punch and see what comes out of it."

The board Tuesday night accepted an audit prepared by E. T. Cummings, Canyon accountant, but balked at paying the accountant's bill.

Cummings submitted a bill for $1500 for preparing the audit. For auditing services last year he was paid $750. Cummings had no agreement with the board on his fee for the audit but $1000 was provided in the budget for audit payment.

Cummings told the board that

Grenade Explodes

A paper-wrapped simulated hand grenade was exploded outside Guenther Hall, men's dormitory at West Texas State University, shortly before midnight Tuesday.

Glass from a window was blown into a room occupied by Kerry Henton and Bill Dixon, said Security Chief Bobby Hudson. No one was injured.

Hudson said he had heard another grenade had exploded on the campus and was investigating when he heard the blast.

A check with the WTSU Military Science Department, Hudson said, revealed that none of the grenades have been used in the ROTC program for two years.

Area Gets Snowfall

The combination of rain, sleet and snow that blanketed Canyon and the surrounding area late last week left less than one-half inch of moisture in the soil.

Records indicate precipitation was .41 inches Friday, with very small amounts recorded Sunday and Monday. The total precipitation for the year to date is 17.28 inches.

The moisture will be of some benefit to Randall County farmers, Don Dolle, work conservationist for the Soil Conser-

Tax Letters Are Mailed

Letters requesting payment for deliquent city taxes have been mailed by the City Tax Department.

"Since we have not been advised of any error, we therefore assume the assessment to be correct and have no alternative but to advise you that continued delinquency will render your account subject to legal action at any time after the period specified above," the letters state.

Requested payment date is by Dec. 31.

If the taxes are not paid before Jan. 1, 1968, the letter states, additional penalty and interest will be added.

The decision to instigate legal action in an attempt to collect delinquent taxes was recently made by the City Commission. The tax suits will apply to all real and personal property.

Nativity Tableau

A "live nativity" scene will be presented tonight and Friday night on the north side of the courthouse square through joint efforts of the Canyon Jaycees and Jaycee-Ettes.

The scene will be enacted between the hours of 7-9 p.m. tonight and 7-8 p.m. Friday and will feature costumed Biblical personalities and numerous animals. To be featured in the tableau will be Mary, Joseph, the Angel, the Sheperd Boy, the Three Wise Men, and the Christ Child.

The scene is especially educational and facinating for children, since the characters move about while religious Christmas music is being played in the background.

Report Deplores Increasing Crime

Randall County grand jury rapped the Texas parole and probation system in a report made Tuesday and recommended that these privileges be afforded offenders more sparingly.

Without naming names the grand jury took to task the leniency with which it appears to believe parole and probation are allowed convicted criminals.

It scored lawmakers for enacting laws giving criminals more protection under the law than is given responsible citizens. In a round about way it blasted the parole system under which convicts often are released after doing only a fraction of the prison time assessed them by a jury.

The report was signed by John Dorsey, foreman of the grand jury, and was handed in as the grand jury closed its Tuesday session.

The report deplored what it termed the rapid rise of crime in our society and offered five methods to be used in stemming that rise.

It recommended that the report be studied by future grand juries, district courts, state representatives, congressmen and the Texas Bar Association.

Recommendations made by the grand jury report are:

1. That individuals who appear before any grand jury after appearing previously and after being convicted of a previous offense be dealt with more severely with respect to parole and/or probation.

2. That the responsible and innocent citizens of our com-

Free Utilities For Firemen Are Out

The City of Canyon can no longer give free water and sewer services to local volunteer firemen, Mayor Paul Lindsey said here last week.

"It's illegal," the mayor flatly told about 30 volunteers at a meeting of the group. "Our objective," he said of the city commission, "is to 'get our house in order' for a bond issue on sewer expansion next spring."

Commissioners earlier decided to no longer give the free services after they were informed by a bonding company that the gift was illegal. Also recently criticizing the free services to the volunteers was the city's auditors, Peat, Marwick and Mitchell of Amarillo.

Mayor Lindsey explained that if the volunteers had paid the minimum water and sewer bills during last year, the city would have collected $3,548.60.

He proposed that the city pay the maximum amount the 29 regular volunteers would receive into a Canyon Fire Department fund. The volunteers could then decide what they wanted to do with the money.

The maximum figure the volunteers could have received this year had they been given the money would have been $122.40 per man, compared with the $9.08 per man per month they actually received in free services, the mayor continued.

When asked if the city could take money from the general fund to pay the water and sewer charges for the firemen, Mayor Lindsey said the city "wouldn't want to get in something that might involve fraud".

Under bond covenants, the mayor stated, all water used within the city must be metered--even that water used by each department. Three meters alone would be needed at the CFD building.

Fire Chief Jim Christopher, head of the volunteers, said his group would make a decision on the commission's proposal "at some later time". The mayor had asked that a decision be made to allow the new policy to become effective by the first of next year.

Chorale Sings On Television

The University Chorale will present a televised Christmas concert Sunday at 10:30 p.m. over KGNC television, Channel 4, Amarillo.

The 47 member group from West Texas State University will be directed by Dr. Houston Bright and Hugh Sanders.

Chamber Shaping Plan For Clinic

Canyon Chamber of Commerce board of directors Monday night made plans for an Economic Development Clinic scheduled here for Jan. 9.

Some 10 out-of-town people will appear on a panel at the clinic.

Joe Gidden has been appointed by the Chamber to lead the panel members on a tour of Canyon just prior to the clinic. Civic groups have been invited to have lunch with the panel.

The clinic will be held at the West Texas State University Student Union Building from 9:30 o'clock in the morning until 3:30 o'clock in the afternoon.

In other business, the board agreed to help pay for trophies for a basketball tournament to be held Jan. 10, 11 and 12 in Canyon High School gymnasium.

The board heard a plea from West Texas State officials for more Canyon participation in the university's homecoming activities.

Chamber manager Roland Black announced that tickets are

Allen Is Promoted

Charles "Chuck" Allen has been named executive vice president of Canyon First National Bank.

Allen's promotion came last week at a meeting of the First National board of directors. He has been a vice president of the bank since 1963.

CHUCK ALLEN

Allen is a native of Wellington. He was an Air Force pilot during World War II and served as operations officer for his squadron. He was discharged with the rank of captain.

He went into the banking business in Wellington as an appraiser. He later became vice president of the Wellington bank.

He came to Canyon in 1963 as vice president of First National Bank. He is active in the affairs of Canyon City Club and is a member of the Kiwanis Club and is also active in First Methodist Church.

Bill Clifford Would Take Polygraph Test

William Bond Clifford denied making a threatening phone call to a Hereford woman and agreed to take a lie detector test to substantiate his claim to innocence.

So said Frank Baughman, Clifford's Attorney, Tuesday, declaring that Deaf Smith County Attorney Hazen Woods backed out on an agreement to move for a dismissal of charges if the tests were favorable to Clifford.

In the meantime, Woods declared that no such agreement was made. However, Woods did confirm that Clifford expressed himself willing to take a polygraph test.

Baughman declared that Woods agreed to dismiss the charges if Clifford passed the lie detector test.

"We discussed the lie test early Saturday morning (Dec. 9)," said Woods. "I talked to Frank about it and he went to see Clifford. I don't think we absolutely agreed on it."

Woods was asked by a reporter if he ever agreed to dismiss the phone threat case against Clifford if Clifford were to pass the lie detector test.

"I don't think I did," Woods related. "I don't think we ever had that understanding."

Woods said he talked to his boss, County Attorney John Aiken after discussing the matter with Baughman. He said he then told Baughman that he would be unable to dismiss the case against Clifford even if a polygraph test were to tend to confirm his innocence.

"At that point Mr. Baughman didn't choose for his client to go ahead and take it," Woods went on. "Clifford was willing

City Dads Approve Parking Ordinance

An off-street parking ordinance for specific business establishments was approved by City Commissioners Monday.

The ordinance, which will amend ordinances 109 and 270, is for multiple family dwellings, medical, osteopathic, chiropractic and or dental clinics, hotels, motels and boarding houses. Approval of the ordinance was given subject to a check by City Attorney Elton Cox.

Major change from existing ordinances is that apartment owners will be required to submit a parking plot plan prior to construction showing an allowance for two parking spaces per unit.

The matter of apartment parking requirements has been discussed at the last several sessions of the council.

City Manager Paul Davis was instructed to determine how many streets in Canyon have been dedicated. The question of dedication was discussed following a hassle last week in the West Texas State University Student Court.

A Canyon WTSU student was given a parking citation recently in the 2400 block of 4th Avenue by the University Security Department. She contends the 14-foot strip of parking area is owned by the city and WTSU has no jurisdiction.

WTSU Financial Vice President Virgil Henson told the court last week he had made a verbal agreement with the city but no contracts were signed giving the university jurisdiction over parking matters.

Commissioners agreed to advertise for bids for a city gasoline contract which expires Jan. 8. Magnolia Patroleum Company, of which Commissioner Felix Pierce is consignee here, was awarded the fuel contract last year for 19.68 cents per gallon. Pierce was absent from the Monday session.

A rezoning ordinance was signed for a portion of Hunsley Hills between 11th and 15th Streets along the north side of US Highway 60, changing the property from residential to commercial classification.

WT Asks Increase In Budget

West Texas State University's legislative appropriations request for 1968-69, representing an increase of about $1 million, has been approved by the Board of Regents of Texas State Senior Colleges.

President James P. Cornette, who attended the board meeting last Friday, said that WTSU will be seeking $5,012,788 for the next fiscal year, compared with the $4,024,463 appropriated and budgeted for the current year.

Most of the increase, he said, will be instructional salaries

Businesses Will Close

Majority of Canyon business establishements will be closed Christmas Day, according to Roland Black, manager of the local Chamber of Commerce.

The Randall County Courthouse will be closed Tuesday following Christmas. City Hall will be closed Christmas day as will the US Post Office.

Classes in the Canyon Independent School District that were dismissed Wednesday afternoon will resume Jan. 2, and West Texas State University students have from today, Thursday, to Jan. 2 inclusive for the holidays.

TRUCK-CAR COLLISION at 4th Ave. and 27th St. Monday resulted in the car being demolished and damages to the truck, which jackknifed, set at about $1,500. The truck, loaded with prune juice, was driven by William S. Poole of South Haven, Miss. and Steven Busby of Canyon was driver of the 1959-model car.

Guides Set For County Stock Show

Procedures to be followed in the 1968 21st annual Randall County Junior Livestock Association show and sale were explained to committee members at a meeting here last week.

The meeting, called by the association's president, Forrest Gruner, was slated to set guides for the show which will be held Jan. 12-13.

It was announced tha 80 barrows, 12 steers, 25 horses and from 12 to 15 lambs would be in the show and sale this year, Randall County Agent John

Bus Kills Two Horses

A Canyon Independent School District bus struck four horses early Tuesday morning, killing two of the animals.

The bus, a 1963 54-passenger vehicle driven by Louis Camp, had crossed a railroad track about three miles east of McCormick, when the horses were struck. Damages were estimated at about $750.

The driver was uninjured. There were no children on the bus at the time of the accident.

Voting Machine Decision Friday

Randall County commissioners will decide Friday on whether to call for bids on new automatic, punch-type voting machines for the county.

Commissioners Monday heard Arthur R. Murray, Dallas, representative of IBM, recommend the purchase of 192 machines and 28 demonstrators.

IBM manufactures Votomatic voting machines. The most expensive model costs $225 each and the demonstrators are priced at $50 each. These, along with $2500 worth of auxiliary equipment, would come to $47,100.

Murray recommended one machine for every 100 voters. County Leroy Hutton estimates that about 18,000 ballots will be cast in the general election next year. He estimates that some 21,000 will register to vote for 1968. Randall County has 20 voting precincts.

Demonstrator machines will be used to demonstrate voting procedure.

Murray told commissioners that voting with a punch-card machine is simple--much more simple, he said, than voting with the lever-type machines now used by Randall County.

Murray told the court that his company would allow the county $500 each trade in for the 34 automatic voting machines now owned by the county.

These machines were pur-

Help us to multiply many fold and spread through the other days of our year the spirit of His one Christmas day.

by Troy Martin

FROM THE CANYON RIM

Making up a Christmas list is a tough job. I've been thinking about the things I'd like to give my friends for Christmas if I could wave a wand and make my wishes come true.

I'd give Coach Dennis Walling and his Buffalo basketball team a winning streak.

I'd give Coach Joe Kerbel a 225-pound back who could run 100 yards in 9 flat in a football suit. I might even pitch in a quarterback who could thread a needle with a football the length of the gridiron.

To Rev. Strauss Atkinson I'd give an extra 30 days in the old countries. He's visiting the Holyland the latter part of this month but he will get to stay only 10 days. I'd include passports and expense money for visits in Cairo, Ankara, Rome and Athens.

I'd give the Amarillo city commission an orderly commission meeting.

Canyon Independent School District would get a new junior high school building.

I'd guarantee Raymond Raillard and Margaret Harper a full house at every performance of "TEXAS" next summer.

Randall County farmers would get a good snow.

I'd give the politicians who run this coutry a deeper sense of obligation to the future generations rather than a lust for votes purchased with the security of yet unborn Americans.

To the American people I would give the greatest gift of all---peace with honor. To the people of the world I would give the freedom to choose their own paths.

* * *

I will not enjoy Christmas this year as much as I have in the past.

I cannot sit happily by my warm hearth side knowing that somewhere youngsters are dying for me---boys who a few short years ago were themselves gleefully unwrapping Christmas toys.

As we partake of a sumptuous Christmas dinner this year I hope we will all remember that some of our young men are starving in a jungle. Others are languishing away in enemy prison camps.

Be it to our eternal shame that we are doing little or nothing to rescue them.

On Christmas morning I'll think of them and I'm afraid Christmas won't be a very merry one for me this year.

* * *

The criminal element won another victory this week with the Supreme Court ruling on use of electronic survellience devices by police.

Sometimes I wonder whose side the Supreme Court is on anyway.

* * *

Politics have gotten off to a slow start in Randall County and across the state for that matter. After the first of the year we can expect the tempo to increase sharply.

* * *

Our family had a warming incident occur this week. A few days ago my wife, Korkye, found a wallet in front of the telephone office.

The wallet was bulging but she didn't look inside. She took it to the telephone office and asked the girls there to assist in finding the owner.

Monday she received a nice note from Mrs. Norman Swink of Perryton. "It's nice to know there are some honest people in the world," said the note. "My billfold had a lot of money in it."

Tuesday a two-pound box of chocolates arrived from Perryton.

Resolution

Whereas the untimely passing of Dr. Robert Patton Jarrett has deprived the Canyon Rotary Club of one of its most active and most cherished members; and

Whereas Dr. Jarrett had been a member of the Canyon Rotary Club for more than thirty years and had served as Vice-President and President, and had actively participated in Rotary affairs by serving on numerous committees; and

Whereas Dr. Jarrett had been an outstanding member of the community for approximately forty-five years, more than thirty years of which were spent in the practice of medicine in the community, during which practice he served his patients to the full extent of his abilities and knowledge; and

Whereas his activities in the church, schools, and community were exemplary of the highest ideals of Rotary, as was his personal life; and

Whereas his deeply regretable passing has brought a most heart-felt loss to the Rotary Club and to the community;

Therefore: Be It Resolved by the Canyon Rotary Club that we shall hold reverent memory his life of service and devotion to the finest precepts of Rotary; and

Be It Further Resolved: That we extend our deepest sympathy to all of members of his family; that a copy of these resolutions be sent to his bereaved wife; and that they be laid upon the minutes of this Club.

Respectfully submitted

NOTICE TO BIDDERS OF COUNTY'S INTENTION TO LET CONTRACT OR CONTRACTS FOR THE CONSTRUCTION OF COURTHOUSE IMPROVEMENTS, TO-WIT: AN ADDITIONAL BUILDING TO HOUSE COUNTY AND DISTRICT OFFICES AND COURTS, AND OF THE INTENTION TO ISSUE TIME WARRANTS NOT TO EXCEED $400,000 IN PAYMENT OF ALL OR A PORTION OF THE COST THEREOF

SEALED PROPOSALS addressed to the Hon. Patrick H. Mulloy, County Judge, Randall County, Texas, will be received until 2:00 o'clock P.M. on January 8, 1968, at the County Courthouse, Canyon Texas, for furnishing all labor and materials and performing all work in connection with the construction of Courthouse improvements, to-wit: an additional building to house County and District offices and Courts, in accordance with plans and specifications on file in the Office of the County Clerk, Courthouse, Canyon, Texas, where they may be examined without charge.

DETAILED PLANS AND SPECIFICATIONS may be obtained at the office of Clayton B. Shiver and Russell A. Megert, Architects and Engineers, 315 Fisk Building, Amarillo, Texas. The Plans and Specifications shall be returned in good condition not later than five (5) days after the opening of the bids.

A CERTIFIED OR CASHIER'S CHECK issued by a bank satisfactory to the Commissioners' Court, payable to the order of the County Judge, Randall County, Texas, or an acceptable bid bond given by a reliable surety company authorized to do business in the State of Texas, shall be submitted by each bidder, in an amount not less than five per cent (5%) of the total bid as a guarantee that the bidder will promptly enter into contract with County, and bids without the required check or bid bond will not be considered.

THE SUCCESSFUL BIDDER will be required to furnish a performance bond and a payment bond, each in the amount of the contract, written by a responsible surety company authorized to do business in the State of Texas, and satisfactory to the Commissioners' Court, as required by Article 5160, V.A.T.C.S.

Attention is directed to Article 5159a, V.A.T.C.S., which requires that not less than the general prevailing rates of per diem wages for work of a similar character in the locality where the work is performed shall be paid all laborers, workmen and mechanics employed in the construction of public works.

Bidders should carefully examine the plans, specifications and other documents, visit the site of the work, and fully inform themselves as to all conditions and matters which can in any way affect the work or the costs thereof. Should a bidder find discrepancies in, or omissions from, the Plans, Specifications or other documents, or should he be in doubt as to their meaning, he should at once notify the architects and obtain clarification prior to submitting any bid.

Such proposals will at said time be publicly opened and read aloud and all proposals will be referred to the architects for tabulation and checking, with the final award of contract proposed to be made on January 12, 1968.

Notice is hereby further given that it is the intention of the Commissioners' Court of Randall County to pay all or a portion of the contract price by the issuance and delivery to the contractor of the interest bearing time warrants of said County, the principal and interest of which are to be payable from ad valorem taxes to be levied out of the County's Constitutional Permanent Improvement Fund, such warrants to bear interest at a rate not to exceed SIX PER CENTUM (6%) per annum, payable annually or semi-annually, and to be issued in the principal sum of not to exceed FOUR HUNDRED THOUSAND DOLLARS ($400,000), payable serially, the maximum maturity date to be not later than December 31, 2007; and the successful contractor or contractors shall receive such warrants in installments based upon periodic estimates approved by the Commissioners' Court. Any portion of the contract price not paid through the issuance of such warrants will be paid in cash out of funds legally available for that purpose.

NO BID may be withdrawn after the scheduled closing time for receipt of bids for at least 30 calendar days.

The County has made arrangements for the Contractor or Contractors to receive face value for warrants delivered in payment of estimates, and the Contractor or Contractors shall be bound by such arrangement.

The County reserves the right to reject any and all bids and to award the contract to the bidder or bidders who, in the opinion of the Commissioners' Court, offer the proposal or proposals to the best interest of the County, and to waive formalities.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: LESLIE GREY OEHME, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 5th day of February A.D. 1968, to Plaintiff's Petition filed in said court, on the 1st D day of December A.D. 1967, in this cause, numbered 8357 on the docket of said court and styled PATRICIA LOUISE OEHME, Plaintiff, vs. LESLIE GREY OEHME, Defendant.

A brief statement of the nature of this suit is as follows, to wit:*

DIVORCE

as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 18th day of December A.D. 1967.

Attest: Mavis Hill Clerk,
47th District Court
Randall County, Texas.

Brazzil said. Also included will be from six to eight dairy and beef heifers in the show. The figures do not include entries from the Happy FFA organization.

"This is about the same amount of animals we had last year," declared Brazzil.

The agent said Bubby Winters, Idaloo commercial swine producer, would judge the barrow and lamb show and Denny Fuston of Panhandle would be judge for the steer show. Fuston is a graduate of West Texas State University, where he was a member of the judging team. He has helped judge previous association shows.

Brazzil said the WTSU livestock judging team will be on the sifting committee and that dairy and beef judgers would probably come from the university.

The sifting committee, he explained, is responsible for eliminating undesirable animals before they reach the show.

The showmanship trophies will again be sppnsored by the Randall County Farm Bureau; Novice showmanship torphies will be sponosred by the Canyon Kiwanis Club and to to the boy or girl showing for the first time; and the association will sponsor the Farmer Schaeffer award for the greatest non-showing contributor connected with the annyal affair.

Show preparations, Brazzil estimated, will involve from between 70 and 80 adults.

it is unethical for accountants to bid against each other and that accountants do not do such work on a fixed fee.

"You wouldn't ask your doctor or lawyer what he was going to charge you," Cummings declared.

The accountant said he thought his fee was reasonable.

"We won't haggle with you over it," he told the board. "You just pay us what you think you should and then we'll decide whether we want to do it next year."

Board president Cox said he thought Cummings should have told the board in advance if he planned to increase his fee.

The board tabled action on payment and instructed Superintendent Jerry Jacobs to check with neighboring schools on what they are paying for such services.

Canyon school recently invested $288,273.75 of surplus school money in federal securities. Jacobs told the board that $72,655 was invested at 5.36 percent interest until June 24 and that the remainder was invested at 5.46 percent until Aug. 31.

The board passed a resolution thanking West Texas State Bank for assistance in making the investments.

and general administration and student services. The Legislature, which will meet in special budget session next year, will determine the university's final budget.

Faculty salaries for the current year total $2,647,695, and the request for 1968-69 is $3,004,766, Dr. Cornette said. General administration and student services will be up about $100,000 if the increase is approved in the Legislature.

Request for the Panhandle-Plains Historical Museum for 1968-69 remains the same as for the current year, $72,675.

Board members praised WTSU's football team for its win in the Junior Rose Bowl and for its personal conduct as university representatives in California. Several members said they had highly favorable reports from Californians.

Board members heard a report that an application has been submitted to the West Texas Chamber of Commerce as a step toward Canyon being recognized as a Blue Ribbon Award city. Blue Ribbon Award coordinators are Joe Gidden and Paul Davis.

Plans were discussed for a Chamber of Commerce breakfast for Randall County Junior Livestock Show exhibitors and their fathers. JoZach Byrd is in charge of arrangements. The breakfast will be held the morning of Jan. 13.

The firm of Brandon and Holloman of Amarillo was employed to conduct the 1967-1968 audit for the city at a cost of about $2,200. Peat, Marwick and Mitchell of Amarillo were auditors for the city last year.

Davis, who is co-chairman of a Blue Ribbon City Award program sponsored by the West Texas Chamber of Commerce, said Canyon was the first to submit a preliminary application for the award.

Six phases of the program include parks and recreation, industrial development, education, tourism, improvement of local government and community beautification.

to take it."

In a hearing Friday of last week in Hereford, Clifford, 34, was placed under $15,000 peace bond until Dec. 9, 1968 for allegedly having threatened the life of a man he has been convicted of attempting to murder.

Clifford, who was recently released from the state penitentary after serving 13 months of a two year term assessed him in the April 1966 shooting death of his wife, was placed under the peace bond by Deaf Smith County Judge H. C. Williams after the judge determined that Clifford had "made a serious threat to take the life of Billy Joe Stevens."

The incident arose from a telephone call which Mrs. Stevens said she received Dec. 7 from a caller, who she said identified himself as Clifford.

The woman said the caller told her that if she did not change the testimony she had given in a Deaf Smith County trial in February of 1966 in which Clifford was assessed 12 years for shooting Stevens five times in the head and once in the chest, he was going to "get my husband."

Clifford testified briefly that he was at the home of a Vega farm couple when the call was alleged to have been made and during his testimony blurted out, "They are just trying to set me up so that man can shoot me." He pointed at Stevens.

Clifford's attorney made numerous motions for dismissal of the complaint since the alleged threat was not made directly to Stevens.

Judge Williams recalled Stevens to the stand over defense objections and asked him if he feared for his life and if he thought Clifford would try to kill him. Stevens answered in the affirmative to both questions.

Clifford is appealing a 12-year sentence given him in 69th District Court at Hereford last February. He is free on $10,000 appeal bond in that case.

Clifford drew two years after being convicted of shooting his wife to death. Mrs. Clifford was shot to death at her Canyon apartment in April of last year. Three small Clifford children were present at the time of the shooting.

He was convicted of shooting Stevens about 30 minutes after Mrs. Clifford was slain. Stevens was shot at a Hereford feedlot where he was employed.

Clifford was arrested Dec. 8 in connections with the alleged telephone threat. He was taken into custody by Randall County deputies at the home of his father, W. I. Clifford, in South Amarillo. He was released from Deaf Smith County jail Dec. 9 after posting the $15,000 bond.

The bond would be forfeited, Judge Williams said, should Clifford harrass or harm Stevens during the coming year.

During Clifford's 13-month stay in state prison he was personal chaffeur for Dr. George Beto, chief of the Texas Prison System.

vation Service, said. However, additional moisture will be necessary to make any appreciable difference in crop conditions.

"If we don't get more moisture," he said, "all we have received will evaporate. They are digging sugar beets in Deaf Smith County and over there they had more snow then we received."

As for wheat grazing, Dolle said it might be improved somewhat due to the moisture, but some farmers in the county have reportedly been forced to move livestock elsewhere to find sufficient cattle feed.

John Brazzil, Randall County agent, said wheat grazing was not yet in the critical stages, but that cattlemen were having difficulty finding sufficient pasture land.

Asked about the possibility of the cold and moisture combination killing any greenbugs, Ed Wieck, Umbarger farmer, said it was unlikely.

"It has been our experience," Wieck said, "that the cold will not necessarily hurt them (greenbugs) at all. It might stop the block spider mites."

The only effect the cold and moisture might have on the greenbug population in the wheat would be to strengthen the grain sorghum against the insect.

The only activity cancelled at Canyon High School due to the inclement weather conditions was a basketball game with Portales, N.M. The game has not been rescheduled.

While Borger High School was unable to participate in all-region band contests here last week, all the other schools were present for the meet.

Although Canyon's streets were slicked by the moisture, less than a dozen accidents were roported and all were minor with no injuries.

News Brief

Canyon Police Chief L. D. Caldwell is in Neblett Memorial Hospital recovering from surgery Wednesday morning.

Mrs. Caldwell said he might be released sometime this week end.

chased in 1963 at a cost of $1,798 each.

Votomatic is one of five punch-type voting machines recently approved by the Texas secretary of state for use in Texas voting.

Murray, told the commissioners that punch-type voting machines were first used in 1964 in Atlanta, Ga. He said they are now accepted for use in 21 states.

Murray said the IBM machines at West Texas State University's Killgore Research Center would be ideal for use in counting ballots from the punch-type voting machine. He said that ballots in a county-wide election could be tabulated within minutes after they arrive at the center.

Commissioners Monday approved the employment of M.K. Davis as deputy district court reporter for the month of January.

Judge Gene Jordan will be presiding over 47th District Court in Randall County and Judge Henry Schultz will be hearing cases in 47th District Court in Potter County, hence the need for an extra court reporter. W. R. Frazee of Amarillo is the regular 47th District Court reporter. Randall County will pay $289.92 of the extra court reporter's salary for the month. Potter County will pay $493.28 and Armstrong County $16.80.

Commissioners decided that court house offices will be closed Tuesday, Dec. 26.

GREETINGS for CHRISTMAS

"Let us go even unto Bethlehem." So spoke the shepherds, one to another as they went to seek and find the Holy Child of whom the angels sang. This Christmas, let us return in heart and spirit to Bethlehem and the sacred manger. Let the miracle of His birth and the joy of His message ever be our blessing and inspiration.

* * *

As the radiance of that Holy Night shines across the years and the world rejoices, our thoughts turn to His words, urging all to brotherhood, and we feel it is especially fitting at this Christmastide to express anew our cordial greetings and good wishes to our many valued friends. May your Christmas be a wonderful one.

Girlstown Owes Much To Duncan

BY TROY MARTIN

A lot of credit for the fact that Girlstown USA is still in operation and providing a home for more than 70 girls should go to Phil Duncan of 609 Eighth Avenue in Canyon.

Phil, a reporter for The Amarillo Globe-Times and The Daily News, heard just before Christmas last year that Girlstown was in financial trouble.

He went down to Whiteface, original home of Girlstown, for a story but what he saw touched his heart.

He found Girlstown $30,000 in debt. Its credit had been cut off and the organization was in debt to its grocery supplier.

Duncan learned that if the home were closed down, several of the girls would be sent to reform school. Most of them would be farmed out to foster homes or wherever a place could be found for them.

Phil's story on the plight of Girlstown was published in the Christmas Eve edition of The Amarillo Daily News. Other media became interested.

"The response was good," said Phil. "Girlstown began getting some publicity.

The Girlstown budget calls for $11,000 a month. It hasn't been met yet, but Duncan is confident. The organization is now taking in about $7,500 a month as compared to only about $1100 a month a year ago.

An anonymous donor gave Girlstown a house and a tract of land at Borger. Six girls are now living at the Borger Extension.

On Christmas Day the will of a Randall County woman will be read leaving $25,000 to Girlstown for an education purposes. This money will be used for sending Girlstown girls to college. Already four young ladies from Girlstown are attending institutions of higher learning. Next fall seven will be in college.

This week the first issue of Girlstown USA News rolled off the press and was distributed to 20,000 people. Phil is the editor. He donates his talents. He said he hopes to be sending The News to 100,000 with in a year. He expects this to bring in a great deal of additional support.

Phil points out that Girlstown now provides homes and support for 78 girls. This is 20 more than a year ago.

Phil's wife, Lynda, shares her young husband's enthusiasm for Girlstown. The Duncans will be on hand at Whiteface Friday night for the Girlstown Christmas party.

Mrs. Duncan commutes to Hereford where she is employed as a secretary by Holly Sugar Company.

Phil is an able and aggressive young news reporter. He is assigned to the Canyon and Hereford areas but his by line crops up all over the Tri-State area, wherever there is news to report.

At the age of 23, Phil Duncan already has made a commendable contribution to the welfare of the Panhandle in his assistance to Girlstown USA through his chosen profession---journalism

Mrs. Allen Heads Lady Golf Group

Mrs. V. A. Allen was elected president of the Canyon Ladies Golf Association at a recent business meeting in the lounge of the Canyon City Club.

Other officers elected were Zola Harp, vice president; Ernestine Harp, secretary-treasurer; JoAnn Ellinwood, social and publicity chairman; Mildred Neill, tournament director; and Jean Phillips, historian.

The association is now one year old and has 43 active members. Plans for the new year include three tournaments. The group plays alternately at the Canyon City Club Course and Hunsley Hills Golf Course on Tuesday of each week. All lady golfers are invited to join.

Balls were presented for November and December Ladies Day competition which included Mildred Neill, 3, Ernestine Harp, 2, Jean Phillips, 2, Lillian Keith, Dot Wilcox, Ella Mae Shankle, Ruth Jenkins, V. A. Allen and Jimmie Smith.

Tournament director, Jean Phillips, presented gift certificates for the top three at each club which were V. A. Allen, first; Ernestine Harp, second; and JoAnn Ellinwood, third, at the Hunsley Hills Course. Awards for the Canyon City Club were Eva Lovelady, first; Ernestine Harp, second; and Zola Harp, third.

Awards for the most matches played went to JoAnn Ellinwood, V. A. Allen and Ernestine Harp. Gift certificates were also given to winners on the ringer at Canyon City Club including Mildred Neill, low gross; Zola Harp, gross runnerup; V. A. Allen, low net; and Ernestine Harp, net runnerup.

WT Students Questioned In Thefts

Five West Texas State University students are being questioned in connection with the theft of merchandise valued at about $230.

Chief Bobby Hudson said a suit and sport coat were taken from a room at Jarrett Hall occupied by Roger Merrill, a wing supervisor. A stereo tape player and radio were reportedly stolen from an automobile owned by Glenn Goggans, who also lives in the men's dormitory.

No charges have been filed, Hudson said.

Music Profs In Recital

Three faculty members from the West Texas State Music Department will be featured in a piano trio recital Jan. 7 at 3 p.m. in the Fine Arts Auditorium.

Donald Todd, associate professor of music, and Brian Walton and George Eason, both assistant professors of music, will be featured in the recital that will include selections by Mozart, Schumann and Brahms.

The recital marks the 16th program of the 1967-1968 season for the WTSU Music Department.

Crop Residue Use Benefits Farmers

Crop residue use is one conservation practice that can benefit all the farmers in Randall County, according to the Board of Supervisors of the Palo Duro Soil and Water Conservation District.

Crop residue use is the utilization of crop residues to prevent soil erosion either by the wind or by water, to increase the water intake rate of the soil, to improve soil tilth, and to conserve moisture.

Generally speaking, crop residue use can be achieved in Randall County by leaving at least 750 pounds of drilled crop residue per acre or 1,000 pounds of row crop residue per acre on or near the soil surface through the critical erosion period.

One way to destroy the benefit received by practicing crop residue use is to burn the stubble. This burning of the stubble leaves the soil open to attack by erosion and robs it of its tilth and the water it holds.

The stubble burning also takes away valuable plant nutrients in the residue.

JC Social Is Friday

The Weyman Brown home, 401 12th Street, will be the site for a holiday social Friday evening for all Canyon Jaycees and their wives.

The event will begin at 8 p.m.

CROP RESIDUE UTILIZATION on irrigated land is shown here on this farm south of Bushland. Leaving the soil covered helps prevent erosion by wind and water, increases the water intake rate of the soil, imporves soil tilth and conserves moisture.

Study Club Has Meeting

A holiday salad supper for the Canyon Study Club was held Tuesday evening at the Bob Neeb home with Mrs. Meade Humphries as co-hostess.

Invocation was given by Mrs. Charles Brasher and the collect and pledge were led by Mrs. Larry Hooper. Mrs. Walter Cranmer gave the fine arts report on John Singleton Copley, a portrait painter.

Mrs. Johnny Raymond and Mrs. Ronald Taylor read the club constitution.

Mrs. Don Ray, club president, and Mrs. David Hunt were in charge of a candlelight initiation of new members including Mesdames Bob Neeb, Durwood Henderson, Frank Castleberry, H. T. Carr, Jr., Paul Cates, Max McCullock and Jim Boyles.

It was reported that about twelve couples from the club held a Christmas dinner recently at the Top of The Village in Amarillo.

Attending Tuesday evening were Mesdames Durwood Henderson, Frank Castleberry, H. T. Carr, Jr., Paul Cates, Jim Boyles, Charles Brasher, Joe Britt, Weyman Brown, Walter Cranmer, Duane Guy, Eddie Holcomb, Larry Hooper, Meade Humphries, David Hunt, Max McCulloch, Bob F. Neeb, Don Ray, Johnny Raymond, Don Sheffy, Ronald Taylor, Don Vars, Lynn Blewett and Bob Phillips.

Vessels Is Denied Writ

Thomas Ray Vessels, 28 years old, Pampa, Tuesday was denied a writ of habeus corpus in 47th District Court here.

Vessels, convicted last May on a charge of assault with intent to murder a South Amarillo housewife, sought his freedom on grounds of irregularities during and preceding the trial in which a Randall County jury gave him a 3-year prison sentence.

Among other things, Vessels contended in his handwritten plea that he had incompetent counsel at his trial and that inflamatory news coverage kept him from being fairly tried.

Vessels made a half-dozen other allegations.

At the time of the trial Vessels already was under death sentence from Gray County after being convicted in October of 1966 of the rape of a Pampa woman.

Vessels was represented at the Canyon trial by J. Ray Martin, an Amarillo attorney who was appointed by the court. Martin was subponaed for the Tuesday hearing but did not testify. At the hearing Tuesday, Vessels was represented by Dale Williams, Canyon attorney who also was court-appointed.

Vessels contended that he had been denied certain constitutional rights.

In denying the plea 47th District Court Judge Gene Jordan held that based on some federal cases he was correct in denying the plea because of the fact that even if he were to rule in favor of Vessels, the prisoner still could not be released from custody because he stands convicted of the Gray County rape charge.

"In my opinion none of the grounds were valid anyway," declared George Dowlen, Randall County Criminal District Attorney who prosecuted Vessels in the Randall County case.

Canyon Girls Beat Nazareth

Canyon Eagle girls varsity and 'B' team both won basketball games with Nazareth in action Tuesday.

The CHS varsity squad won 74-44 and the 'B' team took a 52-20 victory.

Susan Swatzell scored 22 points for the varsity, followed by Pam Richardson with 20 and Jan Sternenberg with 18. The varsity second unit, composed of Linda Lehman, Judy Davis and Sheryl Davis, played during the last quarter of action.

In the 'B' contest, Pinky Woodward sank 20 markers and Sharon Philly was next with nine points.

Coach Bob Schneider said both defensive girls, Margaret Patterson and Cindy Jones did good jobs in the 'B' game.

In the Tulia High School Tournament last week, Canyon defeated Abernathy in a 55-54 squeaker, but lost to Friona 61-68 and to Floydada 51-59.

Miss Swatzell and Miss Sternenberg both scored 19 points, followed by 17 markers for Pam Richardson in the Abernathy game.

In the Friona clash, Miss Richardson scored 26, Miss Swatzell 14 and Miss Sternenberg 19. Friona lead at the half by ten points and the Eagles were forced to play "catch-up" ball during the last two quarters of play, Schneider said.

Miss Sternenberg had 17 points, Miss Richardson sank 15 and Miss Swatzell had 12 in the Floydada clash.

In their bid for the third place trophy, Canyon was behind 2-14 at the end of the first quarter of action against Floydada.

The scoring lasses for CHS have become more consistent in shooting, Schneider declared, and are now usually scoring in the double digits.

Next clash for the CHS Eagles will be a varsity game Jan. 2 at 6:30 p.m. with Adrian, followed by two games with Stinnett here Jan. 5.

Hill Has Tonsils Removed

Simmie Hill, West Texas State's leading basketball scorer, was released Wednesday morning from Neblett Clinic following a tonsilectomy.

The Buff All-America Candidate has scored at a 28.3 point per game clip in the team's first three games.

"I'm hopeful removal of Hill's tonsils will make him an even stronger performer," says Dennis Walling, West Texas State's first year basketball coach. "I know the tonsils bothered him quite a bit as he had considerable trouble digesting food. The trouble might have sidelined someone else, but Simmie has a tremendous desire to compete."

West Texas returns to the home court Jan. 4 when the Buffs host University of Albuquerque, and Simmie Hill is expected to be ready to continue his scoring assault. Tipoff is set for 8 p.m.

HOME ECONOMICS students at Canyon High School honored members of the faculty and their mothers at a tea in the department Tuesday afternoon. From left are Roseanna Matthis, NyVon Butler, Mrs. Curtis Butler, Mrs. Melvin Wagner and Janice Wagner.

Decision Favors Student Appeal

West Texas State University has no jurisdiction over a 14-foot strip of parking area in the 2400 block of Fourth Avenue, according to a ruling by the student Supreme Court Tuesday.

The ruling, delivered by the court's chief justice, Larry Alexander, dismisses charges against Mrs. Sandra Stein, who was issued a citation by a WTSU Security Department officer in October for parking on the area in question.

Alexander, a Canyon senior student, established court jurisdiction in the case through a provision in the WTSU Student Constitution which gives the court power arising in ".. the functions of Student Life.."

"Either we accept this responsibility and face the issues which it presents, or we ignore them and deny that our judiciary is constructed on the principals of common law which enters so essentially into the composition of this institution as to be inseparable from it," Alexander said in his five-page opinion.

Prosecution earlier in the case had argued that the right to issue citation on the property rested with common consent between the university and the City of Canyon and custom and usage of the property by the university for a sufficient length of time giving rights to the property by adverse possession and prescription.

"It is needless to discuss, at length, the question whether this property is subject to jurisdiction by common consent," Alexander continued. "We find no record of such an agreement between the city and the University."

In a court session last week Financial Vice President Virgil Henson said he had made a verbal agreement with the city in 1951 for university parking jurisdiction.

Although Alexander said the city could not delegate jurisdiction over the property in question, he noted the difference between jurisdiction and private usage and cited Vernon's Civil Statutes which permits an incorporated city to grant the use of a portion of the streets for private purposes so long as the use does not interfere with public use of the streets.

"Such an action is applicable to West Texas State University," Alexander continued.

"But," the justice stated, "granting that the University has the right to enter into agreement with the city concerning the usage of the property, did it do so? Again this Court can find no record of such transactions."

City Commissioners Monday agreed to make no decision on an agreement with the university pending a research report from City Attorney Elton Cox.

News Brief

An exchange of "white elephant" gifts were held by the Canyon Capers Square Dance Club at the Lewis Tucek home on Monday evening following the regular dance.

The club will not have a dance Monday night, Christmas, but will hold the regular dance on Monday, January 1, as scheduled.

Home From Boys Ranch

Sandy Cable, Dusty Cable, and Roy McGee, three of the four former Canyon boys now making their home at Cal Farley's Boys Ranch will be spending the Christmas holidays in Canyon.

At the present time, 348 boys call the Ranch home, and Christmas is the one time during the year when they are permitted to leave the Ranch provided they have someone to send them a ticket for their transportation. Boys who have no place to go for the holidays enjoy Christmas at the Ranch by taking trips with their dorm parents, by going to Amarillo for such activities as movies, bowling, and skating, and by just plain loafing while the staff takes over the chores of the Ranch.

Another former Canyon boy now living at Cal Farley's Boys Ranch is David Baade.

This will be the 28th Christmas celebrated at Cal Farley's Boys Ranch since it was founded in 1939, but it will be the first without Cal and Mimi Farley, who died earlier this year. Cal Farley's Boys Ranch has helped over 2,000 boys grow up to become good citizens since 1939 and continues to provide a home for needy boys.

Eagle Cagers Down Nazareth

Two basketball squads from Canyon High School took wins over teams from Nazareth in cage action Tuesday evening.

The Eagle sophomore team defeated Nazareth 61-13 and the CHS juniors took a win over Nazareth's varsity by a score of 69-52.

High scorer for the CHS sophomores was Gary Hester with 11, followed by Jerry Landrum with 10 and Ronny Hager with nine points.

In the junior-varsity clash, Jackie Thrasher scores 23 points. Lon Conner was second with 18 markers and Kyle Sunderman followed with 15 points.

Coach Tom Buchanan credited Steve Butler with a good job on rebounds.

Nazareth was ahead by four points at the end of two periods of play but the Eagles lead 57-43 at the conclusion of the third quarter.

The Eagles, who stand 6-6 for the season, will meet Spearman at 4 p.m. Dec. 28 in a Borger High School Tournament. If they win, Canyon plays the victor of a Hereford-Borger clash.

Games cancelled last week by Portales, N.M. will not be rescheduled.

ACC Cancels Cage Tilt

A basketball squad from Abilene Christian College was forced to cancel their scheduled cage tilt with West Texas State University Saturday evening.

The game, cancelled when the ACC team was unable to find a bus line to carry them over the ice-slicked highways to Canyon, may be rescheduled at a later time, a spokesman at the WTSU Athletic Department said.

Graveside Rites Held

Graveside services for Otto White, 78, were conducted Wednesday at Dreamland Cemetery with Rev. Win Matsler officiating.

Interment was directed by LaGrone Funeral Home of Canyon.

Born in Iowa, Mr. White had formerly lived in Canyon until 1956. He died Dec. 16 in Gravette, Arkansas.

Survivors include a daughter, Mrs. Helen Crowdon of Citrus Heights, California; and five grandchildren, Mrs. Rae Jane Stephens of Amarillo, Joann Clark and Leone Terry of Citrus Heights, Cal., Wanda Pitt of Gardenia City, Cal., and Ralph Eugene Cabe of Canyon.

Resident's Relative Dies

Funeral services for S. A. Hartman, Jr., 49, were conducted Tuesday in Lindsey, California.

Mr. Hartman died Saturday. He is survived by his wife and five children.

He was a nephew of Mr. and Mrs. L. B. Walters of Canyon.

Letters To Santa

Dear Santa,

How are you? I talked to you downtown but wanted to write also. I would like a kitten, a Barbie doll, and a "Thingmaker" and Cotton Candy machine. My brother, Tim, would like a Texaco truck, a racing set and a holster set. Thank you very much. We will try to be good.

Thank you again,
Thank you again,
Cyndy and Tim Hair
1710 8th Ave.
Canyon, Texas.

Santa,

Mommie is writing this letter for me because I am only 3 1/2 yrs. old. My name is Teddy Joe Clement. I would like a new bike, a football helmet like my big brother, Eddie Don's, some new play cars, a talking pillow, and lots of "goodies" in my sock.

We live at 311 4th Ave. in Canyon, and don't forget my big sister Leigh Ann,

Love,
T. J. Clement

Dear Santa,

My name is Eddie Don Clement. I live in Canyon, Texas. I would like you to bring me a bicycle, football helmet, football suit, football, and a Johnny Astro. Don't forget brother Teddy Joe and sister Leigh Ann.

Dear Santa,

Mommie is writing my letter too. Eddie Don is in the first grade, so he wrote his own letter.

My name is Leigh Ann Clement, I am 5 yrs. old.

I want a new bicycle like my brothers, a doll, and some new clothes.

Leigh Ann,

P.S. Don't forget our address now!

Dear Santa Claus,

I have been a good boy this year. I want a Mighty Mike, a little toy train, a teddy bear, a zebra truck, and a peddle wagon. I've tried my best to help Monna and Daddy and stay out of the way when I should. I'll leave some cocco and cookies for you. Santa, thank you.

Thank you,

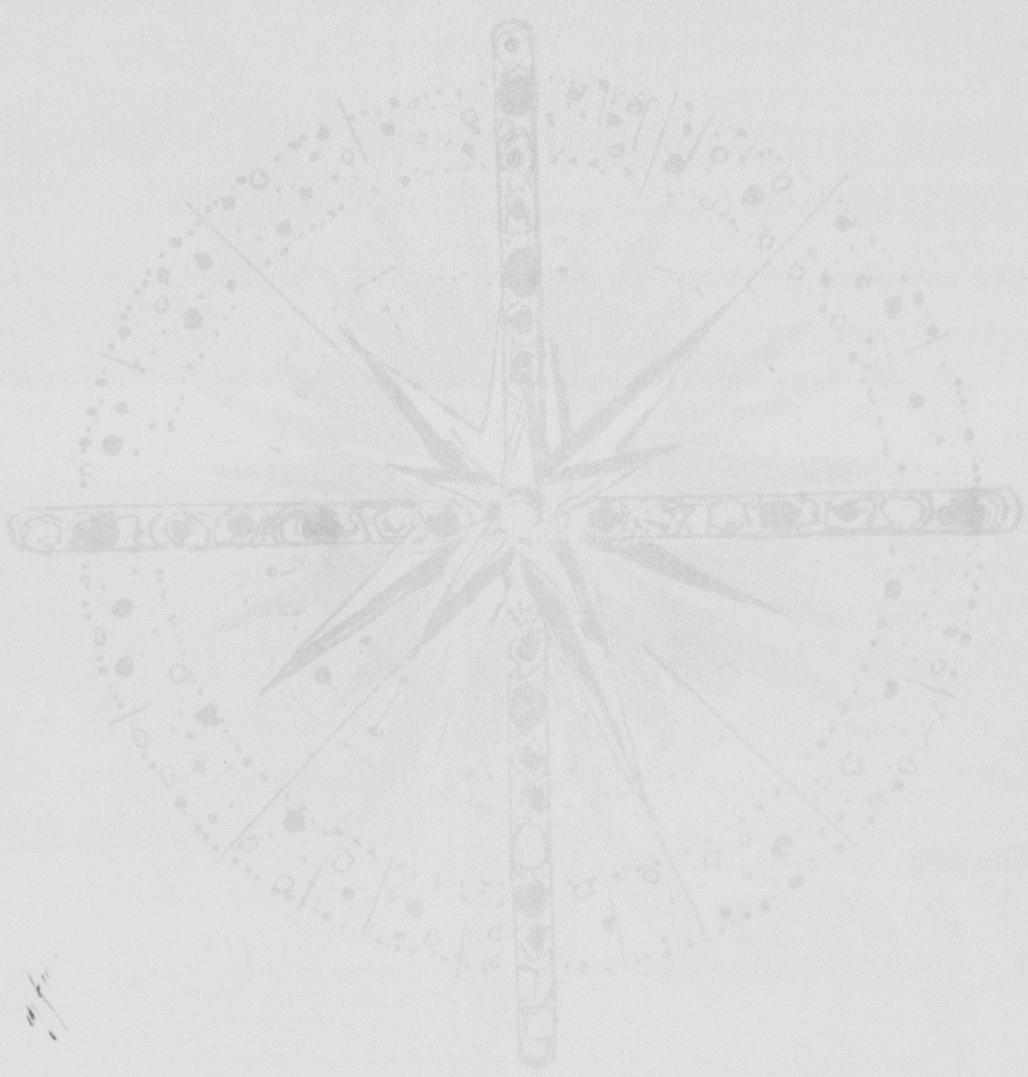
Joy and Peace at Christmas



Around us, the wonder of Christmas spreads its joy
and warmth. The radiance of a Star shines into our hearts, as once
it shone above a sacred manger, heralding the miracle of the Holy Birth.
As you observe Christmas with those near and dear to
you, may you rejoice anew at the true, deep meaning
of this most glorious time. And may the peace and joy of the
season be an ever present blessing, to light the way for all men, everywhere.

Large Amount For Girlstown

The estate of Mrs. Lucile Ward, south Amarillo woman who died Oct. 29, will be divided between Girlstown, USA and Amarillo's Faith City Mission.

Mrs. Ward, who lived at 6047 Ward in Amarillo at the time of her death, stipulated that after funeral expenses were paid and a brother received an unannounced number of stocks, the remainder of the estate--about $55,000-- be equally divided between the two charitable organizations.

The hand written will, filed in the Randall County Clerk's office Dec. 12, will probably be probated sometime shortly after Christmas, Clerk LeRoy Hutton said.

Executor of Mrs. Ward's estate is Sam G. Marshall, of 4300 Jackson Street in Amarillo.

Mrs. Charles Triplett and Mrs. Arvin Triplett and Larry attended the Fairview Christmas Club party in Claude last week.

Terry Martin On Furlough

Cadet Terry C. Martin, son of Mr. and Mrs. Terry Martin Sr. of Canyon, will be home for a 19-day Christmas furlough from Kemper Military School and College in Boonville, Mo.

Kemper is the fourth oldest military school in the United States and was founded in 1844.

Hill A Leader In National Scoring

Proof positive that it's hard to keep a good man down is Simmie Hill talented West Texas University basketball player who shrugs off adversity as though it doesn't exist.

But for Hill, it does exist. The 6-6, 210 pound junior has played three games with a throat infection which would sideline most athletes. Not Hill.

"I've never seen a player so determined to suit out," says Dennis Walling, West Texas State's first year basketball coach. "Simmie's mother once told me that when he was growing up in Midland, Pa., she would reprimand him by keeping him out of gymnasiums. That probably hurt Simmie more than any form of punishment."

It also helps explain why Hill ranks fifth nationally in scoring and leads West Texas in rebounding as well.

In his first two games, against University of Texas at Arlington and Texas A&M, Hill averaged 33.3 points and 11 rebounds. His scoring average presently rests at 28.3 after being "held" to 19 points by the combined efforts of New Mexico University's Greg (Stretch) Howard and Ron Sanford, a pair of 6-8 high-jumpers assigned the task of stopping him.

No stranger to double-team tactics, Hill even got a taste of triple teaming in a preseason clash with AAU powerhouse Phillips 66, but he still flipped in 29 points. And against Texas A&M, Hill riddled the Aggies' defense for 39 markers.

It's no secret that Hill's West Texas State's 1967-68 All-America candidate, but the road to that honor could prove difficult since the Buffs have failed to win in three starts.

Despite the adversity of three straight losses, a throat infection, and defenses geared to his every move, Hill speaks with confidence about West Texas' chances of breaking a 19-game losing streak dating back to Dec. 29, 1966.

"We haven't been badly beaten by any team this year," says the softspoken Pennsylvanian. "We've made up our minds to give something extra to win and I think we can do it."

Simmie Hill clearly came to win. His considerable talent will do much to put the Buffs on a winning course, and it may earn for him an athletes most coveted honor, All-America.

Christmas Poinsettia Business Boom For Local Greenhouse

BY WAYNE BOARD

The poinsettia centerpieces that will grace many Christmas tables this holiday season may have come from Irwin Greenhouses, Inc.--a business operation located just north of Canyon.

Jim Irwin, who is co-owner of the greenhouse north of Canyon with A. W. Lair, will be shipping about 13,500 pots of poinsettias around the area and into five states, although about 75 per cent of his business comes from the surrounding region.

The flower cuttings arrived here in late August and early September from the West Coast and were promptly rooted in two and one-quarter inch peat pots for a period of 10 days. They were placed under in intermittent-mist watering system to keep the plants from wilting until the new roots could be properly developed.

Night temperature where the plants were first located remained at 75 degrees and was lowered 10 degrees when they were removed to the regular greenhouse area. This, Irwin explained, is a "hardening up" process.

After the 10-day period of initial growth for the cuttings, the poinsettias were potted or "panned" into larger pots, containing one-third native soil, German peat moss and haydite, a heat expanded clay mixture.

To reduce the chances of disease and rot to the yet-delicate plants, even the pots are steam-sterilized and the soil treated four or five times with chemicals.

To trick the plants into the misconception that it is time to bloom the greenhouse area is draped with a black cloth to retard growth until the plants are nearly ready for shipment.

The plants receive five foot candles of light for about four hours nightly to reduce an early budding that would produce early blooming around the first of December.

After Oct. 6, Irwin noted, the flowers are extremely sensitive to light and all light is excluded until Nov. 25.

"This means no light--not even from the night man's flashlight," Irwin declared.

Growing the poinsettia is not difficult, he says, but to obtain flowers for Christmas, there must be a light manipulation.

Just before the plants are shipped, each of the stalks on the tropical-type flower must be clipped one-quarter inch below the poinsettia's "bract".

Many identify the poinsettia as being the large red foliage at the top of the plant. Not so, says Irwin.

"The 'bract' is a red modified leaf," he said. "The poinsettia is actually the yellow center of the flower."

The plants, which were booked by retail florists in September, are then prepared for shipment.

First, glazed tissue paper is wrapped around each of the "bracts" in order to reduce bruising and the plant is then wrapped in a paper sleeve to prevent damage.

While many of the plants are transported via motor freight, orders in the immediate area are delivered by Irwin's crew and others are picked up by the florists. Delivery period for the poinsettias is between Dec. 10-22.

Even though Irwin can control the weather inside the 131x 37 greenhouses, a severe cold snap will halt all transportation of flowers.

Best care for the poinsettia, which generally has a life expectancy of three weeks, can be given by placing the plant in a sunny location away from cold or hot drafts of air. Temperature in the room in which the plant is located should never go below 62 or preferable not above 75 degrees.

When the soil in the plant's pot becomes hard and light in color, the area between the dirt and the pot's top should be filled with water. After a five to ten minute period, the area should be filled again. The first watering excess should be drained from the pot.

The poinsettia industry, Irwin noted, is expanding and producing more varieties each year. The half-dozen varieties of poinsettia now on the market will probably be extinct within the next five years.

Irwin has several varieties of poinsettia, but prefers to use the "Indianapolis Red" because of its large flower and a plant that grows, holds, and ships well.

While the red poinsettia is considered the traditional Christmas flower, Irwin sells many pink and white plants as well as azalea, cyclamen, kalanchoe and potted mums, which are in demand, especially red ones.

The wholesale flower business, that sells only to retail florists, now comprises 13 greenhouses with a total of 65,000 square feet of floor space. The poinsettias alone consumed about 25,000 square feet of floor space in the thermostatically controlled greenhouses.

The operation, that began in 1963, has added two new greenhouses each year to its complex.

While plans call for three more such houses, Irwin said there may be a curtailment of new building until the water and other utility systems are updated to meet the needs of the growing industry.

New buildings will also depend on the demand for the flowers, Irwin declared.

The greenhouse has many varieties of plants, producing 30 different types of potted plants last year alone. There may be as many as 20 varieties in each type, he explained.

Noting how little is generally known about plants, Irwin, explained that the poinsettia is unique in that the true flower has a gland that exudes pure nectar which is "quite delicious", while sap of the poinsettia when taken in very large amounts can be fatal.

Irwin received training in floriculture at Ohio State University and later spent 15 years in Guthrie, Okla., before coming here.

His wife, Jean, works in the greenhouse office and son, Larry, a student at Amarillo College, and Linda, a Canyon High School senior, do part-time work. Lou Anne, a fourth grader at Rex Reeves is not working at the greenhouse, but someday she may do so.

As an example of the complexities of the greenhouse operation, Irwin said he had already ordered his poinsettia clippings for Christmas 1968.

IRWIN GREENHOUSES, INC. here will be shipping poinsettias--13,500 in all--to area florists for the Christmas holidays. Holding one of the traditional Christmas flowers is Jim Irwin, who is co-owner of the business establishment with A. W. Lair. The greenhouses are located north of Canyon.

Canyon High School Eagle Band

BY WAYNE BOARD

While Gary Zook doesn't have the 76 trombones as prescribed in Meredith Wilson's "Music Man", he does have seven, plus a pot pourri of other instruments that are amassed to form Canyon High School's band.

Zook, who came to CHS four years ago as director of bands, is proud of his aggregation, as well he should be as the group has won several top-notch honors for the school.

The band participates in Interscholastic League marching, concert and sight reading contests every year, competing with other musicians from area high schools.

Two years ago the group won a sweepstakes trophy in IL competition and was awarded a second divison rating at the Six Flags Band Festival in Fort Worth, which draws high school musicians from five states each year.

In IL marching competition this year, the band won a first division rating and hopes to win other honors in later judging. From 20 to 30 students each year win first division ratings in solo and ensemble contests, Zook said, in addition to the group competition for the entire band.

The band each year also participates in parades, from seven to ten concerts for the whole band department, numerous pep rallys and all CHS football games. Their latest concert was conducted Monday with the CHS Choir.

Next May the group plans a trip to Corpus Christi for Bucaneer Days, annual band competition for high school students from several states. In order for the band to be allowed to make their major trip each year, the group must have won a certain number of honors in IL competition.

"They are in here because they like band," Zook said fondly of his students. "We have good discipline, but not discipline as such. It's more of a mutual cooperation."

Noting the number of students who participate in other activities as well as band, Zook said his group was composed of football, basketball, baseball and tennis players, as well as drama and art students.

"Some are in too many things," Zook laughed.

Double Ring Ceremonies Unite McKinney-Brown

Double ring ceremonies uniting Miss Gail Elizabeth McKinney and Terry Lee Brown were read at Joseph A. Hill Chapel on the campus of West Texas State University Tuesday evening, Dec. 19.

Herman Alexander, minister of the Central Church of Christ, Canyon, officiated at the exchange of vows.

The bride is the daughter of Mr. and Mrs. T. F. McKinney of Canyon. Parents of the bridegroom are Mr. and Mrs. Claude Brown of New Home.

Mrs. Elva Devers of Hereford played "Whither Thou Goest", "I Pledge My Love" and "Wedding Prayer" at the organ. Soloist, Charles Sibert of Midland, sang "My Own True Love" and "Walk Hand in Hand With Me".

The chapel was decorated with red poinsettia flanked by seven bract candelabra bearing white tapers. The background was framed with greenery and baskets of white gladioli. Three bract candelabra bearing white tapers lighted the wedding aisle.

Miss Judy Rhodes of Canyon served as maid of honor. She wore a floor length gown of red velvet featuring an empire bodice with slight A-line skirt. Her headdress was a red velvet bow and streamers and she carried a white muff accented with red carnations and holly.

The junior bridesmaid was Miss Kim Duncan of Amarillo, a niece of the bride. Flower girl was Miss Lori Duncan of Amarillo niece of the bride. Both were gowned identical to the maid of honor.

Candlelighters were Miss Vickie Brown of Plainview, a niece of the bridegroom, and Jimmy Duncan of Amarillo, nephew of the bride. Miss Judy Moses of Los Fresnos, Texas registered guests for the wedding.

Jerry Todd of New Home served as best man and Carl Noble of Lubbock was groomsman. Ushers were Neil Davidson of Abernathy and Penney Nichols of Lubbock.

Given in marriage by her father, the bride wore a floor length gown of antique white peau de soie, which was made by her mother. The gown was styled empire fashion with a slight A-line skirt and tapered long sleeves. The gown was appliqued with imported white lace medallions accented with beaded pearls. Complementing the gown was a detachable chapel train. Her shoulder length veil of illusion was secured to a cluster of beaded antique white peau de soie roses and she carried a cascade arrangement of feathered white carnations centered with a removable white gardenia corsage.

A reception honoring the couple was held at the Church of Christ Bible Chair where Miss Vanessa Brown, niece of the bridegroom, registered guests.

The bride's table was covered with a floor length white organza cloth over white satin. Mrs. W. A. Miller, aunt of the bride, served the multi-tiered wedding cake and Miss Sharon Tole, a cousin of the bride, presided at the punch bowl. Other members of the houseparty were Mrs. James Duncan of Amarillo, Mrs. Max Quinn of Port Arthur, sisters of the bride, and Mrs. Wayne McNeill, Mrs. Hampton Lisle, Mrs. Clayton Kelley and Mrs. Ed Bourn.

Following a wedding trip to Dallas and points in California, the couple will reside in Abilene, where both are students at Abilene Christian College. Both are former students of Lubbock Christian College.

The bridegroom's parents, Mr. and Mrs. Claude Brown of New Home, were hosts for the rehearsal dinner at Darby's.

MRS. TERRY LEE BROWN

Gardeners Have Party

Canyon Garden Club held a Christmas social at the W. R. Crow home last Thursday evening.

The program featured a Christmas story read by Mrs. A. K. Goodman and group singing led by Mr. and Mrs. Keith Pool. A gift exchange was held for the 18 members in attendance.

Co-hostesses were Mrs. M. S. Downing and Mrs. Ed Weeks.

Society News

Shower Fetes Miss Townsend

Miss Janice Townsend, bride-elect of Gerald Middaugh, was feted with a miscellaneous bridal shower Saturday at the home of Mrs. N. D. Watson.

The bride-elect's chosen colors of red and white were used at the tea table which was laid with white over red and centered with red and white poinsettia flanked by red and white tapers.

Assisting Mrs. Watson as hostesses were Mesdames C. N. Tippery, Ed Szydloski, C. B. Read, A. T. Reese, Joe Grady Crowley, Aubrey McDowell and Claude Cooper.

Shower Fetes Bride-Elect

A miscellaneous bridal shower honoring Lorna Dunnagan, bride-elect of Wayne Cooley, was held last Thursday in the Conway Kuykendall home.

Receiving guests were Mrs. Kuykendall, Miss Dunnagan and Mrs. Kenneth Duncan, mother of the bride-elect.

The tea table was accented with a white embroidered cloth and centered with a bouquet of yellow carnations and daisies. Mrs. John Jennings served at the tea table. Guests were registered in the bride's book by Miss Jo Troth.

Co-hostesses for the occasion were Mesdames W. H. McKee, Glenn Haynes, James M. White, Joe Goebel, Marion Higdon, Harold Erwin, Glenn Dowlen, Riley Troth, Ray Campbell, Win Matsler and Sidney Patterson.

Houseguests in the Joe B. Cox home during the week end were Mr. and Mrs. M. R. Plambeck of Denver, Colorado; Mrs. H. H. Fisher of Waco; Mr. and Mrs. M. D. Cashwell and Karen Jo of Denver, Colorado; Miss Paula K. Kluge of Austin; and Miss Evelyn Anderson of Colorado Springs, Colorado.

Miss Clark Weds Evans In Nuptials

Miss Charolette Ann Clark and Bobby Glen Evans exchanged double ring marriage vows Friday evening at Calvary Baptist Church in Canyon with Rev. Jack Boyett officiating.

The bride is the daughter of Santa Clark of Canyon and Kenneth Clark of Santa Monica, California. The bridegroom is the son of Glen Evans of Amarillo.

Given in marriage by her father, the bride wore a formal wedding gown of white chiffon velvet trimmed with re-embroidered French lace and seed pearls. The fitted bodice was accented with long sleeves and and a formal chapel train, accented with the lace, complemented the ensemble. Her veil of illusion was held to a satin floral coif and she carried a cascade arrangement of white roses atop her white Rainbow Bible. For something borrowed she wore a strand of pearls borrowed from her aunt, Bobbie Pelton of Portales, New Mexico.

Matron of honor was Mrs. Fayne Jones of Garland. Bridesmaids were Peggy Carol Wieser and Sharon Miller. The bridal attendants were attired in green satin floor length dresses featuring empire lines with gold accessories and each carried a bronze mum nosegay.

Candlelighters were Tammy Hethcox and Glenice Evans of Amarillo. Miss Shanna Morris of El Paso was flower girl. They were dressed in green satin dresses similar to the bridal attendants.

Best man was James Dale Evans of Amarillo. Groomsmen were Bill Richie and James Gouge, both of Amarillo. Danny O'Donald served as usher.

The church altar was decorated with a large bouquet of gold mums flanked by a pair of seven-bract candelabra and accenting bouquets of gold and bronze mums. Greenery accented the candelabrum and the choir rail was draped with white satin and complemented with a garland of greenery. The kneeling bench was also covered with white satin.

Mitchell Alton Wicker of Amarillo, cousin of the bride, sang "The Voice That Breathed O'er Eden", "The Lord's Prayer", "With This Ring" and "Wedding Prayer". Mrs. Glen Dowlen played the organ and Mrs. Jerry Renner accompanied at the piano.

A reception honoring the couple was held in Fellowship Hall of the church. The bride's table was covered with white lace over white taffeta and centered with an arrangement of gold and white mums and carnations accented with three white tapers. The four-tiered wedding cake was arranged on colonades and accented with white roses and green wedding bells. The top tier was complemented with a miniature bridal pair.

The bride changed to a green velvet suit accented with black accessories and a corsage of white roses for the wedding trip.

A graduate of Canyon High School, the bride is a sophomore art major at West Texas State University.

The bridegroom formerly attended West Texas State and Amarillo College. He is presently with the United States Navy and will report to Taipan, Taiwan for his next duty station.

Meyer, and Mrs. John Winters; publicity, Mrs. Gilbert Irlbeck.

Next regular club meeting will be held in the Allen Downing home January 10.

Lake Refuge Bird Banding Starts Here

Annual duck banding at Buffalo Lake National Wildlife Refuge has begun, according to Manager Gordon Hansen.

Hansen said the process, which will require about a month, includes the banding of 1,000 mallards and 500 Canada geese.

The birds, he explained, are lured onto the lake shores and into a 200x60 foot bait trap, where they are captured and banded.

The lake is presently frozen except for seven places that total about 23 acres. From these holes the birds are able to get water, he said.

Hansen estimated there were 35,000 geese and 250,000 ducks on the lake at the present time. Both the duck and goose population is higher than figures for last year.

A MERRY CHRISTMAS TO ALL!

CUB SCOUTS OF Den 2, Pack 97 presented Santa dolls which they made during December for patients at Neblett Memorial Hospital. The den includes from left, front row, Brad Fowlkes, den chief, Mike Hunt, Randy Langen, Robert Byrd, Bo Fowlkes and Larry Hunnicutt, den chief. Back row, from left are Terry Floyd, Eddie Grimes, Gary Phillips, Miss Virginia Rossiter, nurse, Jeffy Murray, Tommy Rives and Richard Smith. The Cubs also held a party honoring their parents Friday night in the home of den mother, Mrs. Charles Fowlkes. The boys made refreshments and decorations for the social. Mrs. Bill Rives also assists with the den.

CottonReferendumApproved

Farmers voting in a national referendum have approved marketing quotas for the 1968 upland cotton crop, Donald F. Lloyd, office manager for the Agricultural Stabilization and Conservation Service, has announced.

The preliminary returns from the growers' referendum conducted by mail during the period of Dec. 4-8--show a Randall County total "yes" vote by 91 percent of the cotton farmers voting. The quotas become effective if at least two-thirds of the growers voting nationally approve the action.

Approval of the quotas by cotton growers means that quotas with penalties on excess cotton will be in effect for the 1968 crop, and price-support and diversion payments--in addition to loans--will be available to growers who sign up and then carry out provisions of the cotton program. The program signup will be held early in 1968.

Growers who elect not to participate in the diversion program may plant within their farm's effective allotment, forgo loans and price-support payments and not be subject to marketing quotal penalties.

Or growers may apply for a share of an export market acreage reserve and grow and export all their cotton without penalties--and without government assistance--provided the cotton acreage does not exceed the farm allotment plus the export market acreage.

Large Crowd Attends Fete

About 250 persons braved slush and snow Sunday night to attend one of the season's major concerts, by the West Texas State University Chorus, accompanied by the WTSU Orchestra.

The 50-minute concert was staged in the 750-seat Canyon High School Auditorium.

Hugh Sanders, assistant professor of music and director of the University Chorus, directed the program, which consisted of Antonio Vivaldi's "The Gloria" and the three Kyries from the same Italian Composer's "Chamber Mass." Brian Walton prepared the orchestra for the event, and played the cello in the production.

Both Sanders and Walton are newcomers on the WTSU campus. Sanders formerly was director of choirs at Pampa High School. Walton came here from Colorado State at Collins, Colo.

Two soloists on the program were Elsa Porter of the voice faculty and Jean Gray of Amarillo. Betty Garcia of White Deer, also listed as a soloist, could not appear because of weather conditions.

Wilson Announces Candidacy For JP

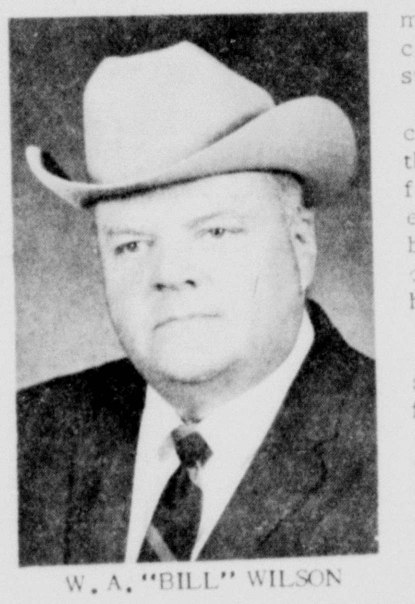
The present Justice of the Peace, Precinct #1, Randall County, W. A. "Bill" Wilson has announced his candidacy for the third elective term for that office subject to the 1968 Democratic primary.

Prior to serving as Justice of the Peace, Precinct #1, whose office is located in the Courthouse Annex in Canyon, Wilson was a member of the Randall County Sheriff's Department under L. S. Johnston for several years; and before this he was associated with his brother in the dairy business east of Canyon.

A native of Potter County, Wilson graduated from Amarillo High School. After graduation he joined the Amarillo Police Department until he joined the U. S. Navy, serving in the European theater of war during World War II. After the war he returned to the police department for a short while before moving to Randall County in 1947.

The Wilsons', Bill and Ina Mae, live four miles east of Canyon; they have three children, Mrs. Dwyane Prichard of Canyon, William Michael, a student at West Texas State University, and Vesta Marie, a student in the Canyon schools.

Wilson, who is 47 years old, is a Director of the United Peace Officers of America Association, an association connected mainly with Cal Farley's Boys Ranch. He is an immediate past President of the West Texas Justices of the Peace Association, and Sergeant-At-Arms of the Justices of the Peace and Constables Association of Texas. He is past President and has served many other offices of the Canyon Lions Club, served as zone chairman of 2T-1 in 1960-61, and is presently a Deputy District Governor of District 2T-1. In 1953-54 he was voted outstanding Lion of the Canyon club and in 1961 he was awarded the Outstanding Citizen's award by the Canyon Chamber of Commerce. He is also a member of the board of Directors of the Junior Livestock Association.



W. A. "BILL" WILSON

The Wilsons' are members of the First Baptist Church of Canyon.

In announcing his candidacy Judge Wilson made the following statement: "I feel that it is my obligation to the people to conduct my office in a businesslike manner keeping in mind that my primary responsibility is to be fair and impartial in all matters which come before me. Another primary function of my office is to exhibit to the youth of our county the fact that they must respect the laws of this state and also be educated that fairness and equality is the corner stone of our legal system."

Judge Wilson wishes to take this opportunity to encourage every one to register to vote in the primary election to be held May 4, 1968; All prospective voters must register at the County Tax Collector's Office, no later than January 31, 1968.

Bill further states, "I will sincerely appreciate your influence and support in my behalf. I will try to see as many of you as I can, but I cannot take the many weeks necessary to go from door to door because of the duties of this office." (PD. POL. ADV.)

CHS Eagle Band

(Continued From Page 1, Section 3)

At the present time in the CHS band, Zook related, there are about six students who might consider music education as a career. Many CHS graduates play in the band when they reach college.

"Of course," he explained, "there are some who plan to enter music education who won't do it, but there are those who don't plan to now but will do so later."

Quality of the band has improved since Zook came to CHS four years ago, but the bandmaster will take no credit for the accomplishment.

"I can't take the credit," he declared. "The band has improved and has gained maturity. People who didn't want to produce dropped out along the way."

The band, he continued, has a well-rounded repertoire in order to give both the students and the audience more variety in the musical selections offered.

"We mostly play popular music in the football season and some concert pieces," Zook explained. "In the concert season, we play show tunes and what you might call 'classical music'."

Although it might seem unusual, the majority of the CHS band students actually prefer what Zook describes as "heavier type music" over the popular. This he attributes to the fact that it is more interesting and challenging to play the heavier music and "the students usually get the pop out of their systems by the end of the football season."

The band at CHS no longer has a student conductor per se, Zook explained, because the activity is no longer a part of Interscholastic League competition.

The band president and drum major leads the group periodically, as can any responsible student, he said.

Outside of regular band classroom instruction each of the students usually practices four hours per week and almost every morning many come to the bandroom before 8 a.m. to receive sectional and individual help.

After Christmas, regular sectional sessions will be held for three hours each week. Practice sessions will be upped to ten hours when the band is in the final stages of preparation for IL contests, although each student might be involved in the practice only one hour per week.

"That's as much practice as football players have," Zook said.

Born in Floresville, Tex., where he graduated from high school, Zook later received a BS and Masters of Education degree from McMurry College in Abilene. He attended the Naval School of Music in Washington, D.C. and has taken courses from Midwestern in Wichita Falls and from West Texas State University.

He first taught at Albany and Olney before coming to CHS. He served for three years in the Fourth US Army band at Fort Sam Houston in San Antonio.

Zook has been an instructor for summer band camps at McMurry, Wayland, Midwestern, WTSU and Texas Christian University and attends meetings of the Texas Bandmasters Association in San Antonio, Texas Music Educators Association, and the American School of Band Directors Association.

He is a member of Phi Beta Mu, national bandmasters honorary fraternity, American School of Bandmasters Association and is chairman of Region I of the Texas Music Educators Association. Zook each year is also a judge for various high school band contests in the area, primarily in north and west Texas.

The school band business has bained more importance than in previous years, Zook declared, and is no longer considered just another extra curricular activity.

"Fine arts has become more important in the public schools," he said, "as has bands in the field of music education."

What then has "brought bands to the fore" in high schools?

"Football," Zook declared. "More people see the band at one football game than they do at all the concerts combined in a year."

New Cosmetic Studio Opens

Grand opening for Merle Norman Cosmetic Studio in Canyon will be held this afternoon, Thursday, and Friday from 1-8 p.m. both days.

Coffee and refreshments will be served during the open house

MRS. JEAN ROBERTSON

and a variety of favors are to be given away, according to Mrs. Jean Robertson, owner.

The studio, which opened in late November, handles a complete line of Merle Norman cosmetics for both men and women. The studio is located in the Palo Duro Village Shopping Center.

A drawing for a complete beauty care kit will be held late Friday afternoon. Renee Owen and Lane Robertson are employed by the local studio.

Miss Owen was West Texas State University homecoming queen this year.

Tasty Treats for Christmas

Since most homemakers have a favorite recipe for turkey and dressing for Christmas dinner. . .or else go home to sample Grandma's time tested baking. . .we will devote our recipe section this week to dishes using leftovers and toher interesting recipes collected.

CREAMY SEASONED TURKEY
1 can condensed cream of chicken soup
1 egg, slightly beaten
3/4 cup milk
1 can (2 oz.) mushrooms, drained
2 Tbsp. chopped pimento
1/4 tsp. celery salt
1/4 tsp. black pepper
1/8 tsp. chili powder
1 cup shredded sharp cheddar cheese
3 cups cooked turkey, cubed

Blend soup, egg and milk in a sauce pan and heat. Add remaining ingredients and blend well. Heat. Serve turkey mixture over hot cooked rice or triangles of toast.

TURKEY SALAD
2 cups diced cooked turkey
2 cups diced celery
1 cup mayonnaise
salt and pepper
lemon juice
lettuce leaves

Combine turkey, celery and salad dressing. Season to taste. Chill and serve on lettuce leaf. Garnish salad with cranberry sauce.

TURKEY MACARONI LOAF
1 1/2 cups hot milk
1/4 cup fat
4 eggs, beaten
1 cup soft bread crumbs
1 cup grated cheese
2 cups diced cooked turkey
2 cups cooked macaroni and noodles
2 Tbsp. chopped parsley
1 small onion, chopped
1 Tbsp. chopped pimneto
1 tsp. salt
1/8 tsp. pepper

Melt fat in hot milk. Combine remaining ingredients. Pour milk and fat over mixture stirring constantly. Pour into loaf pan and set in pan of hot water. Bake at 350 degrees until a knife inserted in center cones out clean, 50-60 minutes.

Remove from oven. Let stand in pan about 5 minutes. Invert onto platter. Serve sliced or cut in squares. May serve topped with mushroom sauce or giblet gravy if desired. Serves 8-10.

FRENCHED CHICKEN

Cut up one frying chicken into serving pieces. Dip in flour and brown slightly in skillet of hot fat. Remove browned chicken and place in casserole dish. Add 1/2 cup water and two tablespoons of prepared French dressing. Cover with aluminum foil and bake in 325 degree oven for one hour.

Excellent as side dish along with ham.

PORK ROAST
4 lb. pork loin
1 tsp. powdered sage
salt and pepper
1 cup water
1 Tbsp. red currant jelly
grated rind of one orange
3/4 cup orange juice

Rub pork with sage, salt and pepper. Place on rack in shallow roasting pan and add water. Roast uncovered at 325 degrees for about 2 1/2 hours. About 45 minutes before meat is done, remove from oven and pour off fat, leaving meat juices. Spread jelly over meat and sprinkle with orange rind. Pour orange juice over meat and complete roasting.

If desired, fresh orange slices may be heated with meat for about five minutes before placing on serving platter. Surround meat with orange slices and serve hot.

COPPER CARROT PENNY SALAD
2 lbs. carrots
1 small green pepper
1 med onion, sliced thin

Cook carrots until tender. Drain and allow to cool. Alternate layers of carrots, pepper rings and onion slices in a bowl.

Combine and beat until well blended:
1 can tomato soup
1/2 cup salad oil
1 cup vinegar
1 tsp. prepared mustard
1 tsp. worchestershire sauce
salt and pepper to taste.

Pour sauce over carrot-onion layers and refrigerate until ready to serve. Serves 12-15.

AAUW Meets For Holiday Sessions

A holiday dessert meeting for the Canyon chapter of the American Association of University Women was held Saturday in the Ernest Carlson home.

Mrs. Cristler Crain, president, was in charge of the business meeting and treasurer, Mrs. Weedon Echols, reported a current local membership of 64 including 11 new members and 2 associate members. She also reported on the budget for 1968.

Members voted to give $2 per member to an AAUW Fellowhsip fund and allow $100 for presidential expenses to convention.

The crafts study group had on exhibit several angels made at a recent group meeting. Next meeting for the crafts group will be January 8 with Mrs. Weedon Echols. The chapter's drama group will meet the fourth Monday in January.

Mrs. Fred Stoker introduced Dr. Dudley Moore who spoke on "LSD and Other Hallucinatory Drugs". The speech was concluded with a question-answer session.

Refreshments of fruit cake and coffee were served to about 35 by the co-hostesses Mrs. Elton Cox, Mrs. Cortez Dowlen, Mrs. Bill Auvenshine and Mrs. William Haggard.

Cashwell-Rutherford Vows Solemnized Here

Miss Vicki Lynn Cashwell and Wayne C. Rutherford were united in marriage Saturday at the First Methodist Church of Canyon with Rev. Herschel L. Thurston, pastor of First Methodist Church, Floydada, officiating.

The bride is the daughter of Mt. and Mrs. Malcolm D. Cashwell of Arvada, Colorado, formerly of Amarillo. She is a granddaughter of Mr. and Mrs. Joe B. Cox of Canyon and A. D. Cashwell of Fayetteville, North Carolina. Parents of the bridegroom are Mr. and Mrs. Ted Rutherford of Amarillo.

Double ring vows were read before an altar draped in white satin featuring two columns of sprays of red and white carnations and white gladioli. The kneeling bench was backed with tiers of candelabra and was draped with long leaf pine and topped with baskets of red and white carnations.

Mrs. George Dowlen of Canyon played the organ and Mrs. M. R. Plambeck of Denver Colorado sang "Because" by D'Hardelot and "With This Ring" by John Sacca.

Given in marriage by her father, the bride wore a long sleeved white peau de soie gown with an A-line skirt and a full chapel train which cascaded from the shoulders. The skirt of the dress was embroidered with floss silk and seed pearls and the protrait neckline was lined with seed pearls. She carried a white Bible topped with a cascade bouquet of feathered white carnations arranged around a white orchid. Her bouffant wedding veil was held to a pearl encrusted crown of white satin roses.

Karen Jo Cashwell of Arvada, Colorado was the maid of honor. Bridesmaids were Janet Hickey of Amarillo, Georgia Newell of Canadian, Evelyn Anderson of Colorado Springs, Colo. and Paula Kaye Kluge of Austin.

The bridal attendants were attired in Christmas red chiffon gowns with empire waists and embroidery across the high waistline. The gowns featured full sleeves with flowing back and each carried a cascade bouquet of red and white carnations.

The bridegroom's twin brother, Warren Rutherford, served as best man. Groomsmen were Mainess Gibson of Stinnett, Elo Myers of Canyon, Stanley Prichard of Canyon and Kenneth Brown of Canyon.

Ushers were John Mann, Pampa, Bill Stone, Booker, Okla., Eddie Jenkins, Canyon and Curtis Campbell, White Deer. Guests were registered at the door by Miss Barbara Hammack of Arvada.

The bride's mother wore a turquoise ensemble for the occasion. Mrs. Rutherford, mother of the bridegroom, was dressed in a salmon shade and the bride's grandmother, Mrs. Joe Cox, was attired in a gold brocade coat dress.

A reception honoring the couple was held in Fellowship Hall of the church. The four-tiered wedding cake was served with cranberry punch from a silver punch bowl by Mrs. L. S. Johnston. Serving cake was Mrs. Homer Fisher, a great aunt of the bride, from Waco. Other houseparty members were Mrs. Murphy White, Mrs. Eddie Conner and Mrs. Harold Erwin of Amarillo.

For a wedding trip to points in New Mexico, the bride travelled in a white wool A-line dress complemented with red and navy coat and navy accessories. Her corsage was the orchid lifted from the bridal bouquet.

A graduate of Arvada West High School in Arvada, Colorado, the bride is a business major at West Texas State University.

The bridegroom is a senior student at WTSU and is slated to receive his degree in business management from the university in June. He is employed with Panhandle Fruit Company and is a member of Kappa Alpha fraternity.

Mrs. Jarrett Wins Purse

Mrs. Robert P. Jarrett was named winner of a needlepoint purse given away by Xi Kappa Zeta chapter of Beta Sigma Phi sorority in a drawing held Saturday at the Chamber of Commerce offices.

The local sorority chapter will use funds from the project to benefit several projects which they sponsor.

News Brief

AN ESTIMATED crowd of 500 attended the annual Christmas concert presented by Canyon High School bandsmen and chorus members Monday night.

The joint program was co-directed by Linda Adams, choir director, and Gary Zook, band director.

Spec. 4 and Mrs. Joe Ballard were reunited during his "rest and relief" during early December. The couple met in Hawaii where they visited Pearl Harbor, saw Diamondhead volcano, and saw many other sights. Ballard has been stationed at Di An Vietnam for the past seven months. The couple was married December 19, 1966. She is the former Jelene Woodward, daughter of Mr. and Mrs. Loyd Woodward of Amarillo, formerly of Canyon.
